## ARTICLE II

### RECREATIONAL HOMESITE AREA COVENANTS

1. LAND USE: This land is intended primarily for construction of vacation homes and recreational use incidental thereto. All common areas within the subdivision are private and neither the recording of this plat or any act of the undersigned with respect to the plat shall be construed as a dedication to public, but, rather all common areas and any other amenities shall be for the use and enjoyment of members of the Lava Ranch Property Owners' Association, Inc., and to the guests of such members of the Association or other residents of Lava Ranch who qualify for the use and enjoyment of the common areas and facilities. The common areas within the subdivision shall be conveyed to the Lava Ranch Property Owners' Association which shall be responsible for the permanent maintenance of the common areas.
  
4. *ALL INCLUSIVE DECLARATION OF BUILDING AND USE RESTRICTIONS AND PROTECTIVE COVENANTS FOR LAVA RANCH PROPERTY OWNERS' ASSOCIATION, INC.*

2. EASEMENT: Easements for installation and maintenance of utilities, drainage facilities and ingress and egress are reserved as shown upon the recorded plat of the above subdivisions.
3. BUILDING TYPE: No more than one detached single-family dwelling, not less than 600 square feet in ground floor living area and not to exceed two and one-half stories in height, and all buildings and structures incidental to single-family dwelling, shall be permitted on any lot. "Incidental to the single-family dwelling" as used in this paragraph does not sanction and will not allow the construction, use or retention for living purposes, on any lot, of a shed, outbuilding of any type, permanently fixed or converted camper, trailer, or other type unit normally sold for mobile purposes. The Lava Ranch Property Owner's Association Board of Directors may not make exception to this rule unless such proposed exception is approved by a simple majority of the members of the Association, authorized to vote, and present at a duly constituted annual meeting of the Lava Ranch Property Owner's Association. All dwellings must be completed to at least the "dried stage" within 24 months of commencement of construction. Furthermore, the Board of Directors must require that all sheds, outbuildings, campers, trailers, or other units found to be in violation of this paragraph be converted to storage or removed within 24 months of the discovery of the violation. "Conversion" as used herein can only be supported by commencement of construction of a dwelling within the first year of the 24 months following the discovery of the violation. However, the Board of Directors may consider an extension of the time limits herein upon appeal by the property owner. This does not restrict the provisions of paragraph 9, infra. All fences shall be erected of new material which enhance the appearance of the landscape. Rail or split-rail type fences normally associated with ranch settings are approved. All other type of fences require the prior approval of the Board of Directors prior to their being installed. All buildings shall be set back at least one hundred (100) feet from the property lines or recorded easements. Slopes exceeding 25% within the boundaries of any lot shall be and are hereby designated as non-building areas.
4. GARBAGE AND REFUSE DISPOSAL: No lot shall be used as a dumping ground for rubbish. Trash, garbage, or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept safe from fire in a clean and sanitary condition. The large garbage containers provided by the Association for use by members are to be used for normal household garbage only. Construction materials may not be placed in these containers! Violation of this covenant will be subject to the violator to the fines outlined in paragraph 2, Article III. Each lot and its abutting street are to be kept free of trash, weeds and other refuse by the lot owner. No unsightly materials or other objects are to be stored on any lot in view of the general public. No activity which may become an annoyance or a nuisance to the subdivisions will be allowed.
5. *ALL INCLUSIVE DECLARATION OF BUILDING AND USE RESTRICTIONS AND PROTECTIVE COVENANTS FOR LAVA RANCH PROPERTY OWNERS' ASSOCIATION, INC.*

5. TEMPORARY STRUCTURES AND VEHICLES: Temporary structures, including trailers, tents, campers and mobile homes, or other mobile home units used for camping, may be located on any lot from May 1<sup>st</sup> to December 1<sup>st</sup> of each calendar year. However, due consideration must be given to the weather since snowfall may prevent the removal of such structures before winter which are subsequently damaged by snowfall or other action related to the weather must be removed by the lot owner no later than the following spring. Failure to comply with this rule will subject the lot owner to removal of the structure by the Board of Directors at the owners expense and a fine as described in paragraph 2, Article III below. The use of snowmobiles, motorcycles, motorbikes, 4-wheel drive vehicles, ATV's, etc., will be permitted only in areas designated by the Board of Directors.
  6. SIGNS: No sign of any kind shall be displayed to the public view on any lot. The only exception to this rule will be road designation signs and small, rustic property name signs approved by the Board of Directors.
  7. TIMBER REMOVAL; OIL AND MINING OPERATIONS: No healthy, live tree or trees shall be cut down or removed from any lot except as necessary to build or protect a single family dwelling or outbuildings incident thereto without prior written approval of the Board of Directors.
  8. COMMERCIAL ENTERPRISES: No commercial business shall be permitted on any lot in the subdivisions. The Lava Ranch lots and common areas, and the name of the Association shall not be used for commercial purposes without prior written approval of the Board of Directors and the affirmative written vote of two-thirds of the members present, and authorized to vote, at a duly constituted annual meeting of the Lava Ranch property Owners Association.
  9. DIVISION OF LOTS: No lot in Lava Ranch may be subdivided.
  10. CONSTRUCTION APPROVAL: No construction approval may be given by the Board of Directors unless the written construction proposal, which must include a cabin plan and specifications, and lot road layout, is received by the Board at least 30 days prior to the commencement of construction and is accompanied by all necessary Bannock County building and health permits. Note: Lot road layout plans may be approved by the Board in advance of the cabin plan submission and approval. Any lot owner who begins construction or causes construction to begin prior to the Board of Directors written approval of the construction proposal, or is otherwise found to be in violation of this paragraph will be subject to enforcement provisions in paragraph 2, Article III.
6. *ALL INCLUSIVE DECLARATION OF BUILDING AND USE RESTRICTIONS AND PROTECTIVE COVENANTS FOR LAVA RANCH PROPERTY OWNERS' ASSOCIATION, INC.*

## III.

Covenants thus modified will be effective for a period of ten (10) years, and will be automatically extended for successive periods of ten (10) years unless modified as outlined above.

## ARTICLE II

### RECREATIONAL HOMESITE AREA COVENANTS

1. LAND USE: This land is intended primarily for construction of vacation homes and recreational use incidental thereto. All common areas within the subdivision are private and neither the recording of this plat or any act of the undersigned with respect to the plat shall be construed as a dedication to public, but, rather all common areas and any other amenities shall be for the use and enjoyment of members of the Lava Ranch Property Owners' Association, Inc., and to the guests of such members of the Association or other residents of Lava Ranch who qualify for the use and enjoyment of the common areas and facilities. The common areas within the subdivision shall be conveyed to the Lava Ranch Property Owners' Association which shall be responsible for the permanent maintenance of the common areas.
  
4. *AMENDED ALL INCLUSIVE DECLARATION OF BUILDING AND USE RESTRICTIONS AND PROTECTIVE COVENANTS FOR LAVA RANCH PROPERTY OWNERS' ASSOCIATION, INC.*

9-5

2. EASEMENT: Easements for installation and maintenance of utilities, drainage facilities and ingress and egress are reserved as shown upon the recorded plat of the above subdivisions.
3. BUILDING TYPE: No more than one detached single-family dwelling, not less than 600 square feet in ground floor living area and not to exceed two and one-half stories in height, and all buildings and structures incidental to single-family dwelling, shall be permitted on any lot. "Incidental to the single-family dwelling" as used in this paragraph does not sanction and will not allow the construction, use or retention for living purposes, on any lot, of a shed, outbuilding of any type, permanently fixed or converted camper, trailer, or other type unit normally sold for mobile purposes. The Lava Ranch Property Owner's Association Board of Directors may not make exception to this rule unless such proposed exception is approved by a simple majority of the members of the Association, authorized to vote, and present at a duly constituted annual meeting of the Lava Ranch Property Owner's Association. All dwellings must be completed to at least the "dried stage" within 24 months of commencement of construction. Furthermore, the Board of Directors must require that all sheds, outbuildings, campers, trailers, or other units found to be in violation of this paragraph be converted to storage or removed within 24 months of the discovery of the violation. "Conversion" as used herein can only be supported by commencement of construction of a dwelling within the first year of the 24 months following the discovery of the violation. However, the Board of Directors may consider an extension of the time limits herein upon appeal by the property owner. This does not restrict the provisions of paragraph 9, infra. All fences shall be erected of new material which enhance the appearance of the landscape. Rail or split-rail type fences normally associated with ranch settings are approved. All other type of fences require the prior approval of the Board of Directors prior to their being installed. All buildings shall be set back at least one hundred (100) feet from the property lines or recorded easements. Slopes exceeding 25% within the boundaries of any lot shall be and are hereby designated as non-building areas.
4. GARBAGE AND REFUSE DISPOSAL: No lot shall be used as a dumping ground for rubbish. Trash, garbage, or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept safe from fire in a clean and sanitary condition. The large garbage containers provided by the Association for use by members are to be used for normal household garbage only. Construction materials may not be placed in these containers! Violation of this covenant will subject the violator to the fines outlined in paragraph 2, Article III. Each lot and its abutting street are to be kept free of trash, weeds and other refuse by the lot owner. No unsightly materials or other objects are to be stored on any lot in view of the general public. No activity which may become an annoyance or a nuisance to the subdivisions will be allowed.
5. *AMENDED ALL INCLUSIVE DECLARATION OF BUILDING AND USE RESTRICTIONS AND PROTECTIVE COVENANTS FOR LAVA RANCH PROPERTY OWNERS' ASSOCIATION, INC.*

5. TEMPORARY STRUCTURES AND VEHICLES: Temporary structures, including trailers, tents, campers and mobile homes, or other mobile home units used for camping, may be located on any lot from May 1<sup>st</sup> to December 1<sup>st</sup> of each calendar year. However, due consideration must be given to the weather since snowfall may prevent the removal of such structures before winter. Structures which are subsequently damaged by snowfall or other action related to the weather must be removed by the lot owner no later than the following spring. Failure to comply with this rule will subject the lot owner to removal of the structure by the Board of Directors at the owners expense and a fine as described in paragraph 2, Article III below. The use of snowmobiles, motorcycles, motorbikes, 4-wheel drive vehicles, ATV's, etc., will be permitted only in areas designated by the Board of Directors.
  6. SIGNS: No sign of any kind shall be displayed to the public view on any lot. The only exception to this rule will be road designation signs and small, rustic property name signs approved by the Board of Directors.
  7. TIMBER REMOVAL; OIL AND MINING OPERATIONS: No healthy, live tree or trees shall be cut down or removed from any lot except as necessary to build or protect a single family dwelling or outbuildings incident thereto without prior written approval of the Board of Directors.
  8. COMMERCIAL ENTERPRISES: No commercial business shall be permitted on any lot in the subdivisions. The Lava Ranch lots and common areas, and the name of the Association shall not be used for commercial purposes without prior written approval of the Board of Directors and the affirmative written vote of two-thirds of the members present, and authorized to vote, at a duly constituted annual meeting of the Lava Ranch property Owners Association.
  9. DIVISION OF LOTS: No lot in Lava Ranch may be subdivided.
  10. CONSTRUCTION APPROVAL: No construction approval may be given by the Board of Directors unless the written construction proposal, which must include a cabin plan and specifications, and lot road layout, is received by the Board at least 30 days prior to the commencement of construction. The plan shall be accompanied by all necessary Bannock County building and health permits. Note: Lot road layout plans may be approved by the Board in advance of the cabin plan submission and approval. Any lot owner who begins construction or causes construction to begin prior to the Board of Directors written approval of the construction proposal, or is otherwise found to be in violation of this paragraph will be subject to enforcement provisions in paragraph 2, Article III.
